Evidence Points To High-Level Conspiracy

B.P.P. DEMANDS PROBE OF MALCOLM X MURDER

(Oakland, Calif.) - Huey P. Newton and the Black Panther Party have joined with a community group seeking justice for Malcolm X in demanding a Congressional investigation of the February 21, 1965, assassination of the famed Black revolutionary leader.

In a recent letter to Black Congressman Louis Stokes, chairperson of the House Select Committee on Assassinations, the Los Angeles-based committee for justice for Malcolm X declares:

"...Obviously, Malcolm's stinging and unrelenting criticisms of U.S. domestic and foreign policy in the racial and economic sphere were not taken lightly by the American State Department, Central Intelligence Agency and Federal Bureau of Investigation..."

"It is our contention that the evidence will demonstrate overwhelmingly and conclusively that the assassination of Malcolm X was ordered...by highly-placed officials in the U.S. government...We stand prepared to document our assertions..."

The February 4, 1978, issue of THE BLACK PANTHER reported on a copyrighted story in Boston's *Real Paper* that members of the New York police force and the FBI may have played

Undercover police agent GENE ROBERTS attempts to revive MALCOLM X following the shooting of the Black leader at Harlem's Audubon Hotel on February 21, 1965.

an instrumental role in aiding and covering up the murder of Malcolm X.

The standing legal verdict on the assassination holds that three men, forming a conspiracy,

were guilty of the act. And since two of the three were well-known Nation of Islam "enforcers," the public has been led to accept

PROP. 13 "TAX REVOLT" SPREADS TO MICHIGAN

(Lansing, Mich.) - While several newly formed community coalitions continue to fight the devastating effects of Proposition 13, the co-author of the California measure has stepped up his right-wing nationwide tax crusade. Howard Jarvis campaigned throughout Michigan last week to aid the collection of a reported 327,585 signatures which were submitted to place a similar initiative on the state's November ballot.

"Jarvis gave us the shot in the arm," said Kenneth Nyquist, a chief aide to the Shiawassee County drain commissioner, Robert Tisch, who spearheaded the Michigan campaign. "...He was worth about 80,000 signatures..."

In California, spending cuts stemming from the passage of

Proposition 13 will wipe out 60,000 jobs this year, the U.S. Congressional Budget Office reported last week.

The report predicted that the state could lose hundreds of millions of dollars in federal aid for education, child nutrition, general revenue sharing and mass transit by being unable to meet matching fund regulations.

It is estimated that big business in the state has reaped a \$2.8 billion windfall. This includes \$130 million to Pacific Telephone, \$150 million to the insurance industry, \$20 million to Standard Oil and \$13 million to the Bank of America.

HUEY P. NEWTON WINS SEVERANCE OF PHONY CHARGES

(Oakland, Calif.) - A beaming Huey P. Newton emerged from Alameda County Superior Court here last week after Judge Martin Pulich granted his motion that the bogus assault and murder cases which the Black Panther Party president faces be severed and tried separately.

Pulich, obviously concerned that he make no mistakes providing grounds for a later overturning of Huey's upcoming trials, denied the motion made by county Assistant District Attorney Thomas Orloff that Huey be tried at the same time for the August 6, 1974, murder of prostitute Kathleen Smith and the August 16, 1974, assault of the so-called tailor, Preston Callins.

Michael Kennedy, well-known San Francisco attorney, appeared officially in court for the first time

as Huey's chief counsel at the July 12 hearing. Kennedy joined the case last month after Sheldon Otis resigned as Huey's lawyer.

Following several lengthy meetings with Huey, whom Otis describes as "a courageous and sensitive human being and political leader..." the attorney concluded that personal and other client commitments had made it impossible for him to continue as the BPP president's chief counsel due to the mounting federal campaign against Huey and the Party.

Following Pulich's ruling last week — which came one year and nine days after Huey voluntarily returned to the U.S. from three years of forced exile in Cuba to face the false charges lodged against him — Kennedy asked
