STOKELY CARMICHAEL DRAFTED!

by Executive Mandate
no. 2

STOKELY CARMICHAEL; THE man who stood before the world and pledged that he would rather go to prison than be drafted has finally been drafted! Stokely is on record as saying "Hell No! We won't go!" It takes great courage to stand up before the most powerful and corrupt regime ever known to history and refuse to be impressed into the roll of a hired killer for the International Public Enemy Number One. It is even more remarkable to find a man who is willing to step forward and be counted while the overwhelming majority of the other people submitted blindly and unquestioningly to insane edicts vomited up by the rotten power structure.

When Stokely first took his stand against the draft, he was virtually the only internationally known Afro-American leader to do so. Ironically enough, now that other prominent Afro-Americans, like Muhammad Ali, Martin Luther King, and Redd Fox, have fallen in behind him, Stokely has been served with a draft notice.
