"Most Important Political Trial Of This Era" To Begin Feb. 26

B.P.P. LAWYER: "PROSECUTION'S DESPERATE TACTICS SIGNAL VICTORY FOR HUEY"

(Oakland, Calif.) - Noting recent "desperate tactics" of law enforcement agencies to convict Black Panther Party President Huey P. Newton on a 1974 trumped-up murder charge, Michael Kennedy, chief counsel for the BPP founder, has confidently predicted that his client will be acquitted when he comes to trial, which is scheduled to begin Monday, February 26.

In an exclusive interview with THE BLACK PANTHER, Kennedy was highly critical of the Alameda County district attorney's office and Deputy D.A. Thomas Orloff, in particular, for recently "finding" a third prostitute to testify against Huey in the Kathleen Smith murder trial. The false charge stems from an alleged August 6, 1974, incident on Oakland's San Pablo Avenue in which Huey is accused of shooting 17-year-old Smith, who was also a prostitute.

In mid-February, Orloff disclosed that a prostitute now serving a life sentence for murder would testify against Huey. Orloff said that Jeanette Iles, who is imprisoned at the California Institute for Women at Frontera, did Smith's killing but will testify she saw long stay with her fellow prostitute and pull a th-

CALIF. COALITION FORMED TO FIGHT WEBER CASE

(Oakland, Calif.) - Denouncing the attack on "our right to eat," numerous Black, Native American, Chicano, Asian, labor, women's and church groups met here recently to launch a broad-based coalition to fight the Weber vs. Kaiser Aluminum case now before the U.S. Supreme Court.

The Black Panther Party was among the organizations who joined together to form the Northern California Coalition to Overturn the Weber Case at a meeting held in mid-February at East Oakland's Allen Temple Baptist Church. The meeting was called by the Caterpillar Anti-Discrimination Committee and the National Committee to Overturn the Bakke Decision (NCOBD).

The newly formed Coalition immediately announced a March

31, Northern California Conference on Weber and the attack on affirmative action and a mid-May Bay Area mass demonstration. The demonstration will be coordinated with several other anti-Weber demonstrations to be held across the country.

The U.S. Supreme Court is expected to make a decision on the Weber case in late June.

Lorenza Carlisle, spokesperson for the Caterpillar Committee, opened the meeting with a challenge to participants. "The first question we must ask ourselves — we all start with ourselves as individuals — is what can I do to overturn the Weber decision?"

"Most of you here today are leaders. We're going to have to

KHOMEINI GOVERNMENT FIGHTS ENEMIES IN IRAN

(Tehran, Iran) - Iran's revolutionary government, led by Ayatollah Ruhollah Khomeini, executed four more of former Shah Mohammad Reza Pahlavi's generals, bringing to eight the number of pro-shah military commanders eliminated for their crimes against the Iranian people.

The Iran government also intensified diplomatic efforts to make the shah an international outcast. A foreign ministry statement said the government will bring pressure, presumably via its oil exports, on any country offering asylum to the shah, who is now staying in Morocco.

Khomeini was reported to have sent word in late February to the shah's host, Moroccan King Hassan, that he would demand

the extradition of the former monarch to face trial for "crimes against the Iranian people."

The new foreign ministry announced that it had sent Hassan a message saying: "We will continue our efforts for the extradition and will force the shah into a situation in which he can go only to Johannesburg or Tel Aviv."

Exile for Pahlavi in Israel may be hard now that Iran has expelled all Israeli officials after breaking all relations with the Zionist state. The same treatment is expected to be given shortly to South Africa.

Tehran Radio, reporting on a statement from the foreign ministry, said support for the Palestinian people is the main
